MORAL CODES FOR LIFESTYLE FOR CHRISTIANS  (HEBREWS 12:14-13:21)

Live at Peace with all, Listen to the One (Jesus) God sent with the New Covenant; Show reverence to God through holiness, thankfulness, worship and sharing with others; Love one another: Be careful to always show hospitality; Let marriage be held in honor, avoiding sexual immorality; Be free from the love of money (greed); Remember your leaders and imitate their faith; Jesus and His teachings never change; Beware of being led astray by strange doctrines; Remember our sins are covered not by animals on an altar but by Jesus on the cross. Give your praise offering to God, confessing His name; Do not forget to do good and be generous in an honorable fashion in every respect.

The Workers for Mexico Mission model is not one in which American missionaries are sent to start churches, but to train the Mexicans to be leaders and then have those native evangelists establish the congregations to reach their own. We do this through the support of college training, then assisting with salaries, construction, benevolent outreach and special school for the deaf. We have several divisions of the mission that you can support. We particularly have many construction and expansion projects in need of gifts for materials and allow the members to do the work. We are now at the point of assisting Fifty different workers in churches besides the monetary support for the other programs. This leaves little for capital improvement of buildings. Could you adopt a project?

CONSTRUCTION
Projects are underway in nearly a dozen areas, including remodeling at Escebedo and the new church plant in Benito Juarez near Guadalupe in Monterrey started by that congregation with Alfredo Valdez. The Yanez church in Guadalajara renovated the pews recently and poured all new sidewalks. Work continues on projects in Arteaga, Monclova, Nuevo Laredo, Vera Cruz, and Matamoros.

CAMP SEASON is a great time in Mexico. There are youth weeks and family camps. The mission has helped construct three camps maintained by the churches. One in Nuevo Leon state, Coahuila, and Veracruz on the Gulf. There is plenty of teaching, eating and recreation for everyone.

"Supporting Evangelists and Churches and Assisting Students and Children throughout Mexico"
TAKING THE LIGHT AND LOVE OF JESUS ACROSS MEXICO

UNIVERSIDAD CRISTIANA DE MEXICO in Queretaro, class of 2019 included not just four year graduates but many members of congregations around Mexico that received their Extension program diplomas. Over 600 participated in the Bible Extension classes.

Our Ultimate Purpose . . .
is to “make disciples, baptizing them in the name of the Father, Son and Holy Spirit. We have had many reports of conversions this past summer and areas of baptism range from indoor to outdoor baptisteries, water tanks, pools and rivers.

A large crowd on hand for a Unity meeting at the church in Veracruz city. Noe Toga is minister. We are in need of converting areas of the building into classrooms and then constructing a parsonage.

MEET Nathaniel and Bethsaida Mendoza, recent graduates of Universidad Cristiana and now ministering with the La Villa church in Matamoros that is hoping to finally get the roof on the large expansion started many years ago.

The feeding of the children continues in Saltillo in some of the poorest colonies of the area.

Vacation Bible School weeks fill the churches to capacity and overflowing. We are able to help with some expenses for the smaller congregations.

We have several groups that send gifts to the children. School supplies, clothes, home-made dresses, and more. We try to distribute them to as many places as feasible.

CON MIS MANOS school for the deaf is our largest division as over 40 students are trained in many subjects. Their parents are taught sign language. The campus is complete after 15 years of construction work. We have anywhere from 5 to 8 students live in the dormitories while others are brought in with CMM vans.

The HASTEN Medical clinic in Monclova continues to serve many patients as well as taking the medicines and nurses and doctor on the road. We are in need of some renovation on our main building right now.

Bibles are delivered periodically as we have supporters purchasing them. Here Angel Balderos in Nuevo Laredo receives some boxes.

We are able to help with some expenses for the smaller congregations.
